

Eric Kozfkay, DO

Eric Kozfkay (ka-sef-ka) D.O. earned his Bachelor of Science in Kinesiology from University of Michigan, and his D.O. at the Michigan State University College of Osteopathic Medicine. He completed his residency at the University of Wisconsin Hospital and Clinic in Madison Wisconsin. Following his residency, Dr. Kozfkay also completed an Interventional Physiatry Fellowship at Champlain Spine Pain Management in Plattsburgh New York. He is trained and experienced in the latest interventional pain management techniques including spinal cord stimulation and kyphoplasty. He also offers regenerative medicine procedures including Platelet Rich Plasma (PRP) and Bone Marrow Concentrate (BMC) injections.

Dr Kozfkay is a leader in West Michigan in Regenerative Medicine. He is able to relieve pain and restore function thru the use of Prolotherapy/Neural Prolotherapy, Platelet Rich Plasma (PRP) and Bone Marrow Aspirate Concentrate (BMAC) stem cell injections. He is the first physician in West Michigan to heal an ACL tear and Rotator Cuff Tear without surgery thru BMAC stem cell injections. He is also the first to treat Lumbar Degenerative Disc Disease/Disc Tears and Knee Osteoarthritis non-operatively with BMAC stem cells.

He is a full time pain management physician with board certifications in both physical medicine & rehabilitation and pain management.

Michigan Pain Consultants comprehensive interdisciplinary approach to pain care offers patients and providers renewed hope for relief from chronic pain.
