# ADAM POWELL, DO

Adam Powell, D.O. is trained and experienced in the latest interventional pain management techniques and is a full time pain management physician with Michigan Pain Consultants. Dr. Powell graduated with honors from Michigan State University where he received both his Bachelor of Science and his Doctor of Osteopathic Medicine Degrees. He then went on to complete his residency with McLaren Greater Lansing, and his Pain Management Fellowship with Michigan State University.

**Dr. Powell will be seeing patients at our Heritage Pointe (Grand Rapids), Lakeshore (Muskegon), and Holland locations.**

Michigan Pain Consultants offers a multidisciplinary approach to treating patients living with chronic pain. Our team of providers look at each patient as an individual, and offer a spectrum of services and treatments that will improve their individual pain conditions. Pain management, behavioral therapy, and physical therapy are among those offered at our six locations.

Our main focus is to get patients back to living an active life. This is a team effort and we are certain we can provide patients with the best possible care. There is life beyond pain and Michigan Pain Consultants is happy to offer relief from the barriers that may seem impossible to overcome.
